CIA TARGETS FIDEL

The secret assassination report

Only recently declassified, this secret 1967 CIA report on their own plots to kill Fidel Castro is published for the first time in its original brutal honesty.

Under pressure in 1967 from press probing into the alliance with the Mafia in these murderous schemes, the CIA Inspector General produced this remarkably frank, single copy report.

Included is an exclusive commentary by Division General Fabián Escalante, the former head of Cuban counterintelligence.
